## **IDOT: Lane Closures on US 20 (Lake Street) For Widening/Traffic Signal Modernization Project in Bartlett and Streamwood to Begin March 17**

**CHICAGO** – The Illinois Department of Transportation (IDOT) announced that weather permitting, a widening/traffic signal modernization project in Bartlett and Streamwood will begin Monday, March 17, 2014.

The work involves 0.45 miles of work on US 20 (Lake Street) from Oak Avenue to Park Avenue. Work includes widening, resurfacing, shoulder work, traffic signal modernization, improvements to storm sewers, curb and gutters, sidewalks, landscaping, bituminous removal, pavement marking and all work necessary to complete the project.

In order to complete the work, traffic lanes will be reduced to one lane open in each direction. Motorists can expect delays during times when the lane closures are in effect and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signing in the work zones, obey the posted speed limits, and be on the alert for workers and equipment.

Find details on other construction projects in IDOT's District 1 at [www.dot.state.il.us](http://www.dot.state.il.us). Updates on the impacts to traffic are available at [www.travelmidwest.com](http://www.travelmidwest.com).
